At the opposite end, Bi-fold glass doors open on to a purpose built covered terrace, perfect for al fresco dining. The terrace is covered with an electric metal roof that can be opened via the touch of a button. When additional shade is required, all four sides have electric blinds that can be controlled independently through a remote control that also controls light and heating on the terrace. The views from the kitchen are wonderful and the sunsets indescribable. All of the windows in the kitchen, including the two sets of Bi-Fold doors, have electric shutters. The main sitting room is large, light and airy, with double doors leading out to the central courtyard giving views over the Encebras valley. There is a warm and cozy second sitting room/snug, perfect for the winter evenings. Leading off the main sitting room there is the 5th double bedroom. It benefits from a fitted wardrobe and lovely views to the east. Through a set of double doors at the other side of the sitting room is the 4th double bedroom again with fitted wardrobes and a large, en suite, beautifully fitted, shower room. A stunning wide tiled staircase, complete with chrome and glass banisters, leads up to the first floor where there is a magnificent master bedroom with walk in wardrobe and bathroom that includes, double sinks, bidet, toilet, bath and a large glass sided walk in shower. A total of 3 double bedrooms, all with Juliet balconies, walk in wardrobes and their own en suite facilities are located on this floor. All bedrooms have fantastic views over the surrounding countryside. A door off the glass panelled large landing leads out to a full width terrace with views to the natural park. Double electric awnings can be deployed whenever extra shade is required. On the same level as the kitchen, located across the Hacienda styled courtyard, the utility room includes cupboards and concealed laundry facilities including washing machine and a tumble dryer. The room has two sinks and a 5th toilet. The worktop and extensive storage allow for all your laundry needs. With multiple seating areas to suit all types of weather, this remarkable property just keeps on giving. Steps, complete with remote controlled integral lighting, take you down to pool area. This includes the large 16 metre x 6 metre swimming pool with fully integrated electric pool cover, and sunbathing terraces all around including one with high quality artificial grass and a fixed, specially commissioned, wind resistant parasol. From inside the pool you can still enjoy the magnificent views across the Encebras valley through the full pool width glass panels, all lit at night by uplights. At the opposite end of the pool is the all year round, pool room.
