This very large semi-detached house to reform sits on a plot of 10,700m<sup>2</sup>, fully fenced. The property has agricultural water and has the possibility of having drinking water and electricity. Located in Caserío de las Peñas de La Romana, the house is 5 minutes walk from the village of La Romana. The house has 2 floors and is 282m<sup>2</sup> big. The finca is not habitable as it is. The ground floor is 145m<sup>2</sup> big. In addition to the ground floor, you have a 30m<sup>2</sup> shed, an interior courtyard of 165m<sup>2</sup> and 3 caves of 80m<sup>2</sup>. The property is accessed by two separate entrances. The house has 5 bedrooms, a large fireplace and a kitchen area. The house dates from the 1900s and requires a real investment but the potential is enormous. Once renovated, this property could be ideal for a large family or for rental. Alicante airport and beaches are 30 minutes away.
